

## USE OF THE PAVILION BY THE WIDER COMMUNITY

### CRICKET CLUB RESPONSES

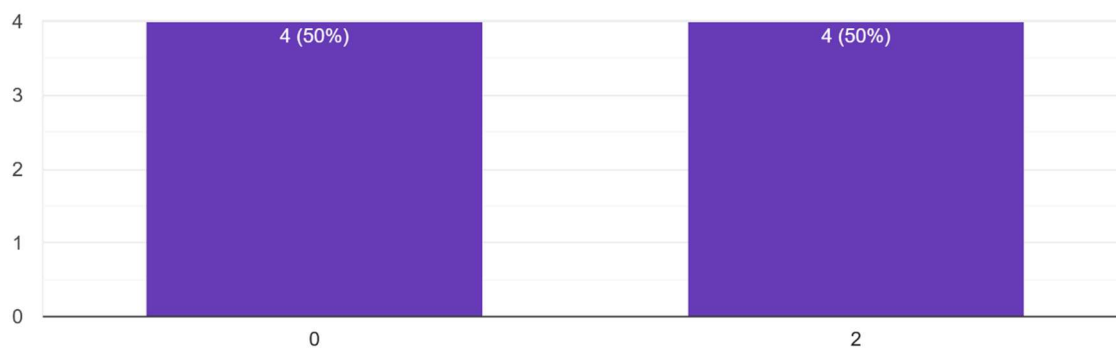

#### Number of adults

9 responses

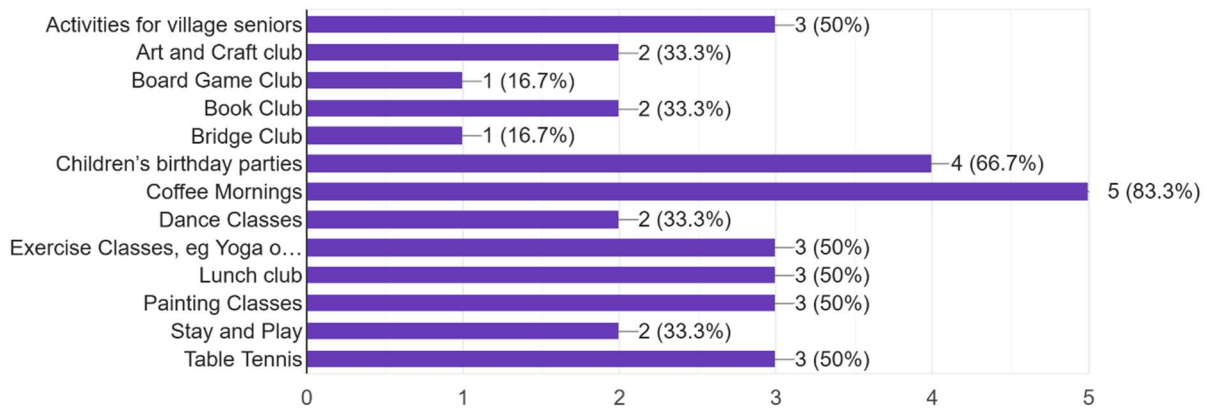

#### Number of children (under 18)

8 responses

Please tick all the boxes which are applicable to you and which you would support. It is important that we have a realistic idea of which activities w...ablished to undertake the necessary administration.

### Other suggestions:

Please add any other suggestions you have in the box below. Each one will be considered by the Pavilion Working Group.

4 responses

- Cafe and Bar facilities
- Rather than coffee morning, what about coffee shop with WiFi. It could be a community hub outside of the pub
- Private rental for private functions, coffee and coworking space if it's a high enough spec, pavilion to be used in winter months for an appropriate winter sport.
- None.

### Comments:

Please write any comments you have in the box below. Each one will be noted by the Pavilion Working Group.

- Pavilion should have a Bar and the toilets needs to be modernised.
- Do not live in the village so would not be using the pavilion outside cricket season
- Improving a very dated pavilion will reflect the standard of the club and village, currently the village is reliant on a pub, and a very small, very run down village hall - anything that can be done to improve village life is a must!

- Thank you for the opportunity to comment, however, I do not think I would participate in any of the non-cricket activities mentioned.
- None.

**As a member of Preston Cricket Club, what would you do with the pavilion?**

- The pavilion needs to be refurbished and rebuilt with better facilities. A separate access from the Hitchin Rd through the bottom of the ground would be ideal.
- For me the best outcome would be to demolish the current structure and build a modern bigger and better equipped pavilion that can serve and benefit the whole community.
- Make as inclusive as possible to local community with focus on young and old.
- Enlarge the changing rooms so they are fit for purpose. Add more changing rooms for ladies teams. Make umpire changing rooms fit for purpose. There needs to be thought to the fact that there could possibly be a match which would involve over 18 male and female and under 18 male and female players.
- Build a new one, optimising community use and achieving compliance with ECB minimum standards.
- I'd expand the size, do a deal with the pub to access alcohol when viewing a game, have a coffee shop function to encourage parents to stay during junior training/matches, hardwood floors throughout for easy cleaning (the carpet is grim). Increase the showers (possibly one big shared shower room with more taps that have a much higher flow). Add a music system for future hosted events. Ultimately make it a place that cricketers love to spend time in rather than can't wait to get out of.
- If children's activities occurred during school holidays I would take them to those.
- Update/Extend to incorporate coffee shop, a bar and to offer a wider range of food and snacks
- Extend backwards to improve changing, showering and toilet facilities for players and officials. Repair and refresh external pavilion.
- Ideally, the changing rooms would be twice as big, with additional changing and showering facilities for the officials and any female players. The toilets and showers would be upgraded and enlarged as well.
